

GI Learner Creating a learning line on spatial thinking

Pupils materials made at the final meeting in Madrid

The pupils were of course the first group to see the impact. During the final meeting week in Madrid they had to fulfill tasks showing the progress they made using GI tools. These are the results – take into account that as an extra challenge they had very limited time to make it.

Story made of Madrid by K9

Ater walking around one day in Madrid – performing some tasks – the pupils of K9 in mixed groups had to make a story map about Madrid.

Walking tours made by K12 for K9

The pupils of K12 had to make in mixed groups and in very limited time (this was also a challenge for them) a walking tour for the K9-groups.

Evaluation

All groups also made an evaluation: what have we learned with the project.

Evaluation of the K9:
